

Pharmacist 5.0

evolving with artificial intelligence drivers
in the Biopharma Industry

WEBINAR | November 26th, 17.00 CET (16.00 GMT)

David O`Grady

**Register
for the webinar**

Webinar for members of EIPG
in conjunction with PIER and University College Cork

About the Speaker

David O'Grady is a graduated pharmacist from Trinity College Dublin in 1992 and has also completed Masters in Technology Management from University College Cork 2019.

He has 22 years BioPharmaceutical Industry experience, managing and leading cross-functional international teams in product & process development, scale-up, validation, technology transfer and launch of new biopharma products. He has worked on multiple manufacturing & analytical platforms spanning clinical to full-scale commercialization and lifecycle technical support.

In the last 5 years, he has upskilled and specialized in Data Sciences & Digital Transformation; using agile & user-experience methodologies he helps accelerate data-driven insights for product development & launch programme teams.

Within academia, he is a guest industry lecturer on Digital Transformation & Novel Products elective for Masters Science students and also advisory group member for Schools of Pharmacy.

He is chairperson for PIER Ireland (Pharmacists in Industry Education & Regulatory), representing and advocating for pharmacists working in that domain.

To Join the Webinar

Please register by filling out the Registration Form.

Keep a record of the streaming details of the event that will be **shown on your screen at the time of your registration**.

Overview of Webinar

The webinar will cover the following topics:

- Short overview of data science & artificial intelligence
- Applications of Artificial Intelligence (AI) across the biopharma value chain
- Drivers & challenges today
- Perspectives as a pharmacist working in the area

Learning Outcomes

At the end of this webinar, attendees will be able to:

- **know**: the current state and direction of travel for Artificial Intelligence within the Biopharma 4.0 ecosystem
- **understand**: the opportunities and possible upskilling requirements for pharmacists of the future (Pharmacist 5.0)

Continuing Education

A Certificate of Attendance will be issued after the webinar.

The session will be an hour of Continuing Education.
